Dillsburg man elected mayor in Michigan

Dan Fishel

A former Dillsburg resident has been elected mayor of the town of Roscommon, Michigan.

Dan Fishel, a 1959 graduate of Northern High School, defeated incumbent Edward J. Pursiensus in a March 12 election. Fishel took office at the April 4 meeting.

Roscommon, a tourist area in the northern part of the lower peninsula, is the county seat for Roscommon County. The town of about 1,000 residents, is the only incorporated town in the county of about 550 square miles. The county's population is about 20,000.

The area was the boyhood home of movie actor Charlton Heston.

More than 60 percent of Roscommon County is state and nationally owned forests and features three large natural lakes with more than 100 miles of total shoreline.

Fishel, the son of Mrs. Dorothy Fishel, and the late Lloyd W. Fishel, Tuckahoe Road, Dillsburg, attended York Junior College in the mid 1960s and also worked as a reporter for the York Gazette and Daily.

He received a bachelor of journalism degree from the University of Missouri in 1969.

Fishel moves to Roscommon in 1974 to become managing editor of the Roscommon Herald-News, a weekly newspaper. He later started his own commercial printing business, Graphic Arts Press, which he still operates.

Fishel has one daughter, Stephanie, 20, a sophomore at Michigan State University.

Pennsylvania joins National High School Rodeo Assn.

In October of 1989, Pennsylvania joined the National High School Rodeo Assn. as the 40th state. High School Rodeo is open to any high school student in the grades 9th thru 12th. The students must also be in good academic standing.

High School Rodeo offers students the chance to compete in all rodeo events at their own level. It also stresses good sportsmanship, leadership, and animal care.

The association was invited to put on a demonstration rodeo on the opening day of the Pa. State Farm Show, and the audience in the large arena liked it so much that we were asked to come back next year and put on a full rodeo.

So far this year we held 5 rodeos in the area and were very well received by the spectators.

The last rodeos were held on April 7th and 8th with 86 entries, the most students to attend any of our rodeos to date.

The dates for the next rodeos are-May 5th and 6th at 2:00 p.m. at the York Springs Equestrian Center, Rt. 15/14 mile south of the York Springs exit, then left on South Ridge Road. The ones State Finals will be held on June 30th and July 1st at the David Martin Rodeo Grounds, 1607 Hanover St., Gettysburg, Pa. starting at 7 p.m. each night.

The top 4 in each event at the finals will go on to compete at the national finals in Shawnee, OK. Scholarships, saddles, belt buckles and many more awards will be given to the top 10 winners in each event.

Keep these dates in mind and come out and watch the Pa. High School Rodeo Assn. in action.

For more information, contact Ronda Merritts (Sec.) 697-5537 after 5 p.m.

And the hunt is on! - Several hundred children enjoyed the annual Easter egg hunt last Saturday at the VFW. Close to 5,000 eggs were hidden, and some not, as one can see by the picture above. All children received candy after the hunt.

Driver licenses suspended for drug crimes

The Pennsylvania Department of Transportation (PennDOT) has notified county courts around the state to begin reporting drug convictions to the department so that offender's driving licenses can be suspended.

A new state law (Act 92 of 1989) mandates a license suspension for any person convicted of possessing, selling, delivering, or giving away any controlled substance, whether or not a motor vehicle was used.

"This law will give us yet another weapon to fight the war on drugs on all fronts," said John J. Zogby, PennDOT's deputy secretary for safety administration.

"Revoking an offender's driving privileges will make it difficult for that person to continue to traffic in illegal drugs."

First offenses mandate a 90-day suspension; second offense a one-year suspension; and third and subsequent offenses, a two-year suspension.
